Volume XLVI, No. 8, **August, 2017**

August 22 One-page Exhibits

- **6:30 Seminar on Perforations:** We will discuss different types of perforation gauges and how to use them, and also discuss how perforations can affect stamp values.
- **7:00 program:** One-page exhibits, followed by our monthly silent and live auctions. Bring one page with some of your favorite stamps or covers. Single-page exhibits are much easier to prepare than multi-page exhibits and are also a great way to show off your collecting interests to other members. We will vote to select the most interesting page, and also select 16 pages for our club frame at SEAPEX in September.

September 12 Board Meeting & Stamp Mixtures

- **6:30 Board meeting**
- **7:00 Stamp mixture meeting**

Purchase stamps from worldwide collections that the club purchased in the past year. Many of the stamps are in Scott International albums and there are also many covers. Good deals abound! There will also be a new mixture every month.
