March 23 Zoom Meeting: Canada Scroll Issue, 1928-30

IEPS member Myron Molnau will give a presentation on the Canada 1928-30 Scroll Issue at the Zoom meeting on Tuesday, March 23. The Scroll Issue features portraits of King George V on the 1 through 8 cent values. The higher five values included the 10 cent, showing Mount Hurd in British Columbia, and the 50 cent Bluenose, perhaps the most famous Canadian stamp.

This will be our third Zoom meeting. Attendance has continued to build, and we've had members of other clubs join us, including from the Evergreen Stamp Club, Tri-Cities Stamp Club, and the Strait Stamp Society. We don't know when we'll be able to return to normal meetings at the Eagles. With predictions that enough COVID vaccine will be available to vaccinate all adults by the end of May, we can hope for a return sometime this year. Let's be optimistic, but in the meantime we plan to continue to have Zoom meetings.

If you didn't attend either, **send Bill Ailes an email by Saturday, March 20**, telling him that you plan to attend. He will reply to your email and send you a link to log in to the meeting. Espresso Drinks Forever Stamps

On April 9 the US Postal Service will issue a PSA booklet of 20 stamps in four different designs, shown at left. The stamps will be issued in Seattle, the first US stamps to be issued there since 2017. What could be a better place to issue stamps picturing coffee drinks than in Seattle, one of the most caffeinated places in the United States?

Future Programs

We need more people do give future programs, especially in April and May. Programs need not be long. Contact Larry Mann or Bill Ailes if you would like to do one sometime.
